

ACTIVITY GUIDE

P.O.S. – Hip-Hop Artist:

Writing/Essay/Journal

P.O.S. says, “I keep it in my head that I’m a writer, whether that’s rap music or lyrics or writing my thoughts or just journaling, whatever it might be, I just try to write every day.” Do you consider yourself a writer? How often do you write? What kinds of things do you (or would you) write about?

Activity

P.O.S. says, “Hopefully [my music] touches people the way my favorite musicians touched me. All my favorite musicians made songs about doing something and feelings, and songs should make you feel something.” Taking inspiration from your favorite musicians, write a piece (lyrics, rap, poetry, or prose) that makes you feel something.
